

Table of Contents

Foreword.....	3
Acknowledgements	5
The Energy Charter Treaty.....	7
Executive Summary.....	19
Chapter 1 Introduction.....	33
1.1 Issues.....	33
1.2 Approach.....	33
1.3 Questions Investigated in Detail	33
Chapter 2 Explaining Oil and Gas Pricing Mechanisms: Theoretical and Historical Aspects	41
2.1 Theoretical Aspects	41
2.2 Historical Aspects	52
2.3 Market Structure and Pricing Mechanisms.....	61
Chapter 3 Oil Pricing	65
3.1 Summary	65
3.2 Introduction	67
3.2.1 Oil – a Commodity Like No Other	67
3.2.2 Crude Oil and Petroleum Products	68
3.2.3 Benchmark Crude	69
3.2.4 Crude Transactions.....	72
3.2.5 Price Formula	73
3.2.6 Netback Pricing	73
3.2.7 Refining Margins	74
3.3 Development of Oil Pricing Mechanism	76
3.3.1 Early Days.....	76
3.3.2 Majors	76
3.3.3 OPEC	77
3.3.4 Spot and Futures Markets	77
3.4 Spot/Forward/Futures/Options	79
3.4.1 Spot Market.....	79
3.4.2 Forward Market	80
3.4.3 Futures Market.....	81
3.4.4 Options Market	85

3.5	Hedging and Speculation.....	86
3.5.1	Hedging.....	86
3.5.2	Long Hedge and Short Hedge.....	86
3.5.3	Hedgers, Speculators and Arbitrageurs.....	87
3.5.4	Regulatory Authority.....	88
3.6	Current Oil Market Fundamentals.....	90
3.6.1	Recent Price Developments.....	90
3.6.2	Demand.....	91
3.6.3	Supply.....	91
3.6.4	Refining.....	93
3.6.5	Stocks.....	95
3.7	Conclusions.....	96
Chapter 4 Gas Pricing.....		99
4.1	Will Gas Follow Oil to Become a Global Commodity?.....	99
4.2	North America.....	103
4.2.1	Summary.....	103
4.2.2	Introduction.....	103
4.2.2.1	The Integrated North American Natural Gas Transmission System.....	103
4.2.2.2	North American LNG Import Terminals.....	105
4.2.2.3	US Natural Gas Demand.....	106
4.2.2.4	US Natural Gas Supply.....	108
4.2.2.5	Canadian Supply and Demand.....	109
4.2.3	The Development of US Natural Gas Regulation.....	110
4.2.3.1	The Historic Basis of US Gas Regulation.....	110
4.2.3.2	The Natural Gas Act of 1938.....	111
4.2.3.3	The Supreme Court's Phillips Decision.....	111
4.2.3.4	The Natural Gas Policy Act of 1978.....	112
4.2.3.5	Industry Response to the NGPA.....	112
4.2.3.6	FERC Order 380.....	114
4.2.3.7	FERC Order 436.....	115
4.2.3.8	The Pipeline Take-or-pay Problem.....	115
4.2.4	Canadian Gas Regulation.....	115
4.2.5	The Evolution of North American Gas Prices.....	116
4.2.5.1	Pre-NGPA US Gas Pricing.....	116
4.2.5.2	The NGPA and Partial De-regulation of Gas Prices.....	116
4.2.5.3	The Effect of US Regulatory Policies on Canadian Prices.....	118
4.2.6	The Current North American Pricing System.....	119
4.2.6.1	The Emergence of Henry Hub as the Centrepiece of North American Pricing.....	119
4.2.6.2	The Operation of the North American System.....	119
4.2.6.3	Gas Price Formation in North America.....	120

4.2.6.4	Current North American Price Relationships.....	123
4.2.7	Conclusions.....	125
4.3	The United Kingdom.....	126
4.3.1	Summary.....	126
4.3.2	Introduction.....	127
4.3.2.1	The History of UK Gas Regulation.....	127
4.3.2.2	The UK Tax Regime.....	128
4.3.2.3	The Natural Gas Transmission System.....	129
4.3.3	UK Supply and Demand.....	131
4.3.3.1	Gas Demand.....	131
4.3.3.2	Gas Supply and Trade.....	132
4.3.3.3	Future UK Gas Supply.....	134
4.3.3.4	The LNG Terminal Third-party Access Issue.....	136
4.3.4	Natural Gas Pricing.....	137
4.3.4.1	Pricing before Industry Restructuring.....	137
4.3.4.2	Pricing in the Restructured Gas Market.....	138
4.3.4.3	How Do Prices in the UK Interact with Continental Prices?.....	140
4.3.4.4	The Experience of the 2005/2006 Winter.....	141
4.3.5	Conclusions.....	142
4.4	Continental Europe.....	143
4.4.1	Summary.....	143
4.4.2	Development of Market Structure and Imports.....	144
4.4.3	The Groningen Concept of Replacement Value and of Long-term Minimum-pay Export Contracts.....	146
4.4.4	Gas Import Contracts Following Groningen.....	152
4.4.5	Price Review Rounds.....	163
4.4.6	Regulatory Change.....	164
4.4.7	Cross-border Gas Deliveries in Former COMECON States.....	166
4.4.8	Conclusions.....	173
4.5	LNG.....	175
4.5.1	Summary.....	175
4.5.2	Introduction.....	176
4.5.2.1	The History of World LNG Trade.....	176
4.5.2.2	The Role of Long-term Contracting in Traditional LNG Trade.....	179
4.5.2.3	LNG Costs.....	180
4.5.2.4	The Emergence of More Flexible LNG Markets.....	181
4.5.2.5	Arbitrage.....	185
4.5.3	LNG Pricing.....	187
4.5.3.1	Regional Differences in the Logic of LNG Pricing.....	187
4.5.3.2	Early Atlantic Basin LNG Pricing.....	188
4.5.3.3	Early Pacific Basin LNG Pricing.....	189
4.5.3.4	Mounting Pressures for Change in Pricing Formulas in the 1990s.....	191

4.5.4	New Approaches to LNG Contracting in the 1990s	191
4.5.4.1	New Patterns of Asian LNG Contracting	191
4.5.4.2	China and India Enter the Asian Market	192
4.5.4.3	Oil Price Escalation and its Impact on Northeast Asian Prices	193
4.5.4.4	Recent Asian Market Developments	195
4.5.4.5	The Emerging North American West Coast Market	196
4.5.4.6	New Patterns of Atlantic Basin LNG Contracting	196
4.5.4.7	Middle East Contracting	198
4.5.4	Contracting for Restructured Gas Markets	199
4.5.5.1	North America	199
4.5.5.2	The UK	199
4.5.6	Conclusions	200
Chapter 5 Overall Conclusions		203
